Re: *United States v. Joshua Adam Schulte*, S1 17 Cr. 548 (PAC)

Honorable Judge Crotty:

We are writing to request the metadata to certain log files noted in 3514-35, where the government's expert Patrick Leedom discusses a number of application log files that the government has provided to us without the corresponding metadata for corresponding log files highlighted in yellow. Because the government has more information than does the defense, the Court should order the government to produce to us the metadata so that we can examine dates of the file creation and modification and other relevant data.

We have made this request to the government.

Respectfully submitted,

Counsel for Joshua Schulte
